

Nokia 9 PureView

ROW SSIM/ Dual SIM

Explore every detail

Colours:

Midnight Blue

Key features:

- Nokia 9 PureView features the world's first five camera array with ZEISS Optics to put next generation computational imaging technology into the hands of photography enthusiasts.
- Every picture taken with the Nokia 9 PureView is HDR, all five cameras work together simultaneously to capture your image and Nokia 9 PureView fuses it together into one 12MP photo with outstanding dynamic range and unparalleled depth of field.
- It has two colour sensors for accurate vibrant colour images and three monochromatic sensors which give sharpness and detail.
- To process and fuse the images, it maximises the heterogenous computing architecture of the Qualcomm® Snapdragon™ mobile platform assigning tasks across ISP, DSP, GPU and CPU.
- The imaging co-processor individually adjusts exposure and white balance on each camera across the scene.
- The unparalleled high-fidelity 12MP depth map created with each JPG enables beautiful Bokeh and provides the opportunity to explore your inner artist using Google Photo's built-in depth editor.
- Capture images in uncompressed RAW "DNG" format and edit them directly on the phone with Adobe Photoshop Lightroom.
- Featuring a bright 5.99" 2K pOLED screen with PureDisplay technology and integrated Qi Wireless charging.
- The PureDisplay screen technology features HDR10 support letting you enjoy crisp details, great contrast and rich colours in supported content.
- Integrated fingerprint sensor, with security features further complemented by advanced biometric face unlock technology.

Operating times

- Maximum talk time (4G): up to 28 hours
- Maximum standby time: up to 16.5days¹

Nokia 9 PureView sales package includes:

- Nokia 9 PureView device
- Nokia Type-C charging cable
- Charger
- Adapter (Type C to AV jack)

Nokia 4.2

It's got it all. And more, with the Google Assistant.

Colours:
Black, Pink Sand

Key features:

- Premiering the Google Assistant button to change the way you engage with your own personal assistant.
 - One press for instant access to Google Assistant
 - Double press to display the info that matters to you
 - Long press for long requests and multiple tasks
- Exclusive Google Assistant actions that help you launch apps faster, like launching the Pro Camera app and taking a motion picture.
- Access your phone quickly and handsfree, with advanced biometric face unlock.
- Nokia 4.2's compact size and edge-to-edge display gives you a smartphone which is slim enough for single hand use.
- Elegantly designed with glass on the front and back, a feeling of sturdiness and class is achieved thanks to its lightweight metal internal structure and polycarbonate frame.
- The Qualcomm® Snapdragon™ 429 octa-core processor gives you a boost in performance, allowing you to play your favourite games and stream movies.
- The power button comes to life with a natural breathing light to alert you of notifications, making it easy for you to know when your phone needs attention.
- Bringing flagship imaging features like multi-camera imaging to a new price point, the Nokia 4.2's dual depth-sensing rear camera captures stunning memories.
 - AI powered Low Light image fusion snaps multiple images simultaneously and through advanced algorithms creates a single image with more light and less noise.
 - Capture more shades of dark and more shades of bright within the same image with advanced HDR photography that captures vivid colours with greater dynamic range.
- Create share worthy photos with advanced editing tools in Google Photos, powered by AI and machine learning.
- Google Lens which lets you search what you see faster, and interact with the world around you in a new way.
- Pure, secure and up-to-date Android 9 Pie, offering an untouched Android experience which is kept secure through monthly security patches, as well as 2 years of upgrades to the latest version of Android.

Nokia 4.2 sales package includes*

- Nokia 4.2
- Charger
- Charging / data cable
- Quick start guide
- SIM door key

Nokia 1 Plus

Upgrade your entry smartphone experience

Colours:
Black, Blue, Red

Key features:

- Nokia 1 Plus delivers its unique look with a gorgeous 3D-textured nano pattern which cups the device all the way to the glass display.
- Precision-designed polycarbonate shell is inherently coloured, tough and durable – a testament to quality promise
- Big, bright screen, with a 5.45” IPS 18:9 display gives better viewing quality, more screen for browsing the web, watching your favourite shows and gaming experiences.
- Less borders with increased screen to body ratio – decreasing dead bands all-round the device means more screen real-estate allowing you to view content in better quality.
- Capture good detail with the 8MP auto focus rear camera with flash and colour-adaptive noise reduction for smoother images while keeping great details
- Snap stunning selfies with the Beautify feature, allowing you to enhance your natural features by smoothing out your face and showing your brightest side
- Pure, Secure and Up-to-Date – the most premium experience on Android 9 Pie™ (Go edition).
 - Full access to the Google Play store and all the essential smartphone apps e.g. Maps, WhatsApp, Facebook, Skype etc.
 - ‘Optimised’ Go apps designed to run faster, smoother and consume less data e.g. Facebook Lite, Google Go. Specially with YouTube Go, you can enjoy shows on the go; choose the playback quality and even download videos to watch offline later for no additional charge³.
 - Free from bloat ware – no bloatware, skins or UI changes and no unnecessary pre-installed apps or hidden processes eating up battery life with the benefit of more storage and more battery life out of the box.
 - Secure: Monthly security updates – will come as standard with Nokia smartphones. We will keep your phone as secure as possible
