

200 MP

200MP - The highest resolution

Capture incredibly detailed low-light photos with a massive sensor using Ultra Pixel technology.

Industry-leading Snapdragon® 8+ performance¹

Fuel everything from breakthrough speeds to elite gaming with Qualcomm's fastest, most powerful processor.

125W - The fastest TurboPower™ charging

Get power for the day in just 7 minutes of charging.²

Borderless 6.67" pOLED 144Hz³ display

Enjoy breathtaking views from edge to edge, over a billion shades of true-to-life color, and a crazy-fast refresh rate.

CAPTURE LIFE WITHOUT LIMITS

Stunning endless edge design

Immaculate craft meets extraordinary comfort with seamlessly blended matte glass encased in a premium, sandblasted aluminum frame.

Cinema-quality Dolby Atmos® sound

Immerse yourself in multidimensional sound, whether listening on headphones or your phone's powerful speakers.

Unleash your phone with Ready For

Connect wirelessly to a TV to play mobile games, make video calls, and use your phone's apps on a big screen.⁴

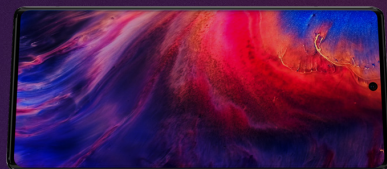

PERFORMANCE

CPU Snapdragon®
8+ Gen 1 Mobile Platform
OS Android™ 12
Memory 8GB/12GB of
LPDDR5 RAM
Storage 128/256/512GB
built-in storage⁵

BATTERY

Size 4610mAh
Charger TurboPower™ 125W charging
Up to 50W TurboPower wireless charging⁶
10W wireless power sharing

DISPLAY

Size 6.67" Endless Edge Display
Resolution FHD+ (2400 x 1080) | 394ppi
Display Technology pOLED | 144Hz refresh rate
Aspect ratio 20:9
Screen-to-body ratio Active Area-Touch Panel
(AA-TP): 92.12%
Display Certification HDR10+

DESIGN

1. Based on the combination of published AnTuTu rankings and an internal combined edge 30 ultra score of 1,114,761. Results may vary depending on temperature and settings. 2. Median users can get up to 12 hours of battery life in 7 min of charge. Battery must be substantially depleted; charging rate slows as charging progresses. All battery life claims are approximate and based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns. 3. Actual refresh rate may be less and will vary based on app/content limitations and requirements, device mode settings, and other factors. 4. Ready For wireless connection is supported with TVs that support Android smartphone screen mirroring (Miracast) only. Ready For wired connection supported with TVs or monitors that have HDMI port or USB-C video-in port; Video-enabled USB-C cable or USB-C-to-HDMI adaptor required. 5. Available user storage is less due to many factors, including operating system, software and functions utilizing part of this capacity; may change with software updates. 6. Requires Motorola TurboPower 50W Wireless Charging Stand; sold separately. Battery must be substantially depleted; charging rate slows as charging progresses. All battery life claims are approximate and based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns. 7. Water-repellent design creates a barrier to help protect against moderate exposure to water, such as accidental spills, splashes or light rain. Not designed to be submersed in water, or exposed to pressurized water, or other liquids; may diminish over time. Not waterproof.
