

Nokia XR21

Ready for life’s adventures.

Colours:

Pine Green Midnight Black

Key features:

Indoors or out, go where life takes you with the new Nokia XR21. Certifiably tough, it’s dust-proof, waterproof, and can withstand drops of up to 1.8 meters¹. Caught in bad weather? Use it with wet hands, with gloves on, or use the Quick Access buttons to launch your favourite features. Nokia XR21 also stands up to the test of time: it’s covered by a three-year warranty², four years of monthly security updates and three Android OS upgrades³. It even gets a one-year screen replacement guarantee (EU & ANZ).⁴

It’s tough. Really tough.

Combining a rugged, 100% recycled aluminum chassis and tough materials, the Nokia XR21 is certified to MIL-STD-810H and IP69K standards to be drop-proof, dust-proof, waterproof and life-proof. Thanks to its robust Corning® Gorilla® Glass Victus® protection, the screen will stay in good shape for longer. In fact, it’s even covered by a one-year screen replacement guarantee (EU & ANZ).

Two-day battery and 60% more charges over its lifetime

With up to two days of battery life between charges⁵, there’s no need to worry if you leave the charger at home. Plus, the battery maintains over 80% of its capacity after 800 charging cycles⁶ – that’s 60% more than the Nokia XR20.

Ramped-up entertainment for you and your friends

The 6.49” screen with a 120 Hz refresh rate coupled with OZO Playback provide an excellent on-the-go entertainment experience. And whether you’re watching a video in a group or bringing music to the impromptu party, the 96 dB stereo speakers and Audio boost mode will make sure that everyone can hear it over the background noise.

Our best AI imaging technology built in

The 64 MP camera uses advanced AI to bring you features like Dark Vision and AI Portrait, so you can capture ultra-shareable content in virtually any lighting condition. The all-new Flash shot mode can help you take in-focus shots of moving subjects like your pets or kids. The camera is protected by scratch-resistant Corning® Gorilla® Glass with DX+ that lets 98% of all light through the lens.

Nokia XR21 sales package includes:

- Nokia XR21 device
- “Quick Start” guide
- Type-C to Type-C USB cable
- SIM tray tool
